Applicant states that the full legal name of the inventor, V. Srikant, is in fact V. Srikant as is shown on the Declaration and Oath form submitted to the USPTO. Dr. Srikant's full name is Vaidyanathan Srikant, but his true and correct legal signature is V. Srikant as it appears on patent applications throughout the world. Further, his passport uses the initial V. as his true and correct legal name.
